

## Approved Courses for CECE2 –SPRING 2026

1. The courses listed below are being offered in SPRING 2026. Please consult the current [Course Catalog](#) for availability.
2. Please contact your academic advisor to discuss which courses best suit your degree and concentration, as well as the certificate.
3. **This course list is not meant to be exhaustive.** If you identify a course of interest either in SIS or another school that you would like to include in your concentration or to discuss which courses best fit your concentration, please consult your academic advisor and/or CECE2 advisor, Abeer Al-Eryani.
4. Individual courses may be listed to fulfill multiple requirements but can only be counted to fulfill one requirement towards a student's master's degree program, e.g. methods or natural science.
5. Consult approve
6. For a comprehensive list, please refer to the approved electives for CECE2 [here](#).
7. Course instructors are subject to change.
8. **To meet the certificate program requirements, at least one required elective must be taken from a school outside the School of International Service (SIS).**
